The Pro-Prefect Presents the Photographic Volume of the 2025 Jubilee to Mayor Gualtieri

On the morning of 26 November, the Pro-Prefect met with the Mayor of Rome, Hon. Roberto Gualtieri, to present him with the photographic volume commemorating the 2025 Jubilee.

Throughout the preparation and celebration of the Holy Year, the Mayor of Rome had been appointed by the Italian Government as Government Extraordinary Commissioner.

The occasion provided an opportunity to once again thank the Mayor and the City of Rome for their significant contribution throughout the Holy Year, and to acknowledge the considerable efforts made over the entire course of the Jubilee.

During the very cordial meeting, they looked back on the major events that had involved the city, particularly the gathering at Tor Vergata, where more than one million young people met Pope Leo XIV. The event left a profound mark on all those who took part, as well as on the city of Rome itself.
